EDUCATION

University of Minnesota, Twin Cities

Minneapolis, US

Ph.D. Student in Biostatistics

Sep 2024 – Jun 2029 (Expected)

Dissertation Advisors: [Sandra Safo](#) and [Jue Hou](#) (Division of Biostatistics and Health Data Science)
Also Supervised by: [Ju Sun](#) (Computer Science & Engineering)

Renmin University of China

Beijing, China

B.S. in Statistics

Sep 2020 – Jun 2024

RESEARCH INTERESTS

Statistically principled methods for **transferable and trustworthy machine learning and deep learning**, with applications spanning biomedical, imaging, and engineering domains.

- **Transfer Learning** – estimators that keep their statistical guarantees when distributions shift or evidence must be pooled across sites, spanning distributional transfer, federated causal estimation, and reinforcement learning.
- **Uncertainty Quantification** – deciding when a model should abstain rather than guess, via selective prediction with explicit risk-coverage trade-offs.
- **Agentic AI** – multi-agent LLM systems that automate end-to-end analysis under human review, applied to health records, knowledge graphs, and imaging.

PUBLICATIONS

*Equal contribution.

Peer-Reviewed Publications

SOFTWARE

IntegMultiReg – R package (MCMC sampler in C) 2026
Integrative Bayesian multi-regression of multi-platform biomarkers, supporting continuous, binary and survival outcomes with missing platforms.
 [CRAN](#)

PyNILE & RNILE – Python and R wrappers 2025
Wrappers around the NILE Java library for clinical narrative extraction; development guided as a mentor.
 [Python](#)  [R](#)

TALKS & PRESENTATIONS

Talks

1. **7th ICSA-Canada Chapter Symposium**, McGill University, Montreal, Canada Aug 2026
Federated Adaptive Causal Estimation with High-Dimensional Covariates (FACE-HD)

Conference Abstracts

1. Shruthi Venkatesh, **Sinian Zhang**, Oscar Lopez, Tianxi Cai, Jue Hou, Zongqi Xia. Predicting the Timing of Cognitive Decline in Alzheimer's Disease Using Real-world Clinical Data and Machine Learning (P10-12.009). *Neurology* 106 (11_Supplement_1), 2026. [10.1212/wnl.00000000000217686](#)

TEACHING & MENTORING

Shuheng Kong & Conglin Ruan – master's students May 2025 – Sep 2025
Guided development of Python and R versions of the NILE package for natural language processing.

Teaching Assistant, Data Science Practice
Beijing, China

Renmin University of China
 Jan 2024 – Jun 2024

Teaching Assistant, Probability Theory
Beijing, China

Renmin University of China
Aug 2023 – Dec 2023

Brittany Wang – high school student

Jun 2023 – Sep 2023

Supervised research using real-world data to support an acute ischemic stroke (AIS) study.

ACADEMIC SERVICE

Conference Reviewer: AAAI 2027, NeurIPS 2026, ICLR 2026

Journal Reviewer: Journal of Intelligent Medicine and Healthcare

HONORS & AWARDS

- **1st Place in the 7th Annual UMN Interdisciplinary Health Data Competition, \$3000** – University of Minnesota, Twin Cities, 2026
- **Dean's PhD Scholars Award, \$5000** – University of Minnesota, Twin Cities, 2024
- **Scholarship for Academic Excellence** – Renmin University of China, 2023
